

Newsletter

02/2026

Dear supporters and friends,

In this edition, we would like to let the pictures speak more than words and give you an insight into our projects and current topics in Kenya. As announced in our last newsletter, we are also bringing back our "Let us introduce" section. This time, we would like to introduce Patrick, the house father, and Julius, the cook at the MCC. Both are important role models and trusted adults for the children. We hope you enjoy reading and looking through this issue!

Project
Streetball

We are currently looking for sponsors for the new children. If you know anyone among your friends or family who could imagine becoming a sponsor for a child at the MCC, we would greatly appreciate your help in finding long-term supporters. ❤️

Current Picture of the MCC Familie

Over the past few weeks, the Maisha Mazuri family has grown, and nine new children have joined the MCC. At the same time, some of our 15- and 16-year-old teenagers have moved to the boarding school of the secondary school. They will continue to receive support through our partnership program.

Always Welcome: Football & Medallions

Leisure activities
and learning through play

Let us introduce

Patrick Lange has been our house father at the Maisha Mazuri Children Centre for one and a half years. In his role, Patrick has many responsibilities.

Every day, he makes sure the house is clean and tidy,

supervises the children, and supports them with their daily needs and tasks. He always keeps the well-being of each child in mind. Patrick sees his most important responsibility as being a father figure and a positive role model for the children. He hopes to provide stable and equal opportunities for children who cannot receive them from their families.

Organising the pantry requires great care, as there is no refrigerator or freezer.

Julius comes from Kilifi County, near Mombasa. His family lives far away, and Kenya's road infrastructure is poor. Therefore, Julius lives and works at the MCC and only visits his family during longer periods of leave.

Thank you both for your dedication!

School charity runs

Under the motto Schools for Schools, many charity runs are currently taking place at schools in Bavaria to support our organisation. These events are an important source of funding that helps us not only provide for the children's daily needs but also carry out projects and repairs, for example on buildings or school buses. Former volunteers often support us by giving presentations at schools to help German students learn more about the living conditions in Kenya. In this case as well, dear friends and supporters of Hand in Hand for Kenya, you can help us by connecting us with interested schools or other institutions.

Julius Pola Mramba has been the cook at the MCC for six years. Every day, he prepares three hot meals for all the children and staff.

Fresh Ingredients from
the Shamba & Famous
Stew with Chapati

Facts that are unusual for us:

Julius gets up every day at around 4:00 a.m. to light the wood-fired stove, as all meals are cooked on it.
